

Announcement

Moti Yung

If you work in Crypto

- Either:
- (A) You work on Theory, or
- (B) You work on Applications

Thus the following are your options:

- (A) Theory (complexity, information theory, protocol, number theory, etc.)
- ICALP 2005, Lisbon July 11–15 has a track on Security and Cryptography Foundations
- Deadline February 13, 2005

Work on Applications (B)

- ACNS (Applied Cryptography and Network Security) 2005
- New York June 7–10
- Deadline January 26, 2005.
