The Title!

Titan of Craptology
(TiC)

(Don't ask me why it's "TiC" instead of "ToC".)

The most prestigious title ever (in the field)

Seminal works that we honoured already:

- *“Advanced constructions of depressed oracles based on entropy sources of low quality like £ exchange rates.”* (P. G.)
- *“Relatively efficient babyweight lossy one way trapdoor functions.”* (E. O.)
- *“Implementation of a perfectly binding commitment using a ring-based pairing.”* (D. P. & K. G.)
- *“Efficient Double Blind Pass in the Common Referee Model.”* (E. G.)
- and many more.

The most prestigious title ever (in the field)

Today! For the first time ever!

A TiC for lifetime achievements will be awarded!

Boss Nigel! Where are you?

Boss Nigel! Where are you?

PLEASE come to the stage.
